Cameron Band Wins At Waco Regional Meet

Reward Is Offered For Identity of Man Poisoning Dogs

A human monster with poison in his hand is loose among the people again. It has come to the attention of the publisher of The Herald that some of our good neighbors and friends have lost their dogs through poison.

There are no maledictions even in the vocabulary of the Editor to properly denounce a man who will do such a thing. Even so it would matter little to him.

The good Lord made the world and put upon earth many creatures of inspiring loyalty and one of them is the dog. Why He tolerates the monster who loiters about our homes with poison is something that cannot be explained.

To give effective expression to the indignation every decent man and woman must feel over such a thing this newspaper announces that it will contribute $25.00 to a reward fund to be used in apprending guilty person and stopping this practice.

We call upon those who have lost their dogs, and we appeal to every man who loves a dog to come in with us in any amount his emotions will indulge to make this fund so effective that no one would dare continue in the face of an aroused people to visit their evil doing upon innocent, unoffending dogs and pets of all kinds.

It is our thought to make this reward permanent and to be expended readily for information, identity or prosecution of anyone guilty of such a crime.

The Publisher.

TELEPHONE STRIKE FACTS

"It is evident that about 25 per cent of the American public in general and about 95 per cent of them in small towns are still unaware that this is not just another strike for higher wages, which of course is necessary to meet present prices.

MEMBERS MONOPOLIZE HONORS AT WACO MEET

Yoe High School Band directed by Frances Cox monopolized honors at the State Regional Band Contest under the Interscholastic League in Waco on Friday, May 9.

Not only did the band rate the highest in its division but eleven members of the band rated first division in the contest by individuals.

It was another of a long series of triumphs for the Cameron Band and Frances Cox, the director, becomes again a spotlight leader of Texas high school bands.

The band as a whole on Concert Playing made a first division rating, and in Sight Reading also a first rate division was rated. This was the only such rating awarded in Class B.

Among the soloists the following were winners: Denson Tindall, trombone solo, first division; Stanley Jackson, tuba solo, first division; Wallace Collins, clarinet solo, second division.

Ensembles: French horn quartette, first division, Christine Michalka, Anita Dusek, Margaret Ermis, and Dallie Green.

Flute quartette, first division, Ladis Marek, Robert Johnson, Albert McCullin and Jane Flinn.

MAYOR MCCULLIN HEADS RECEPTION COMMITTEE

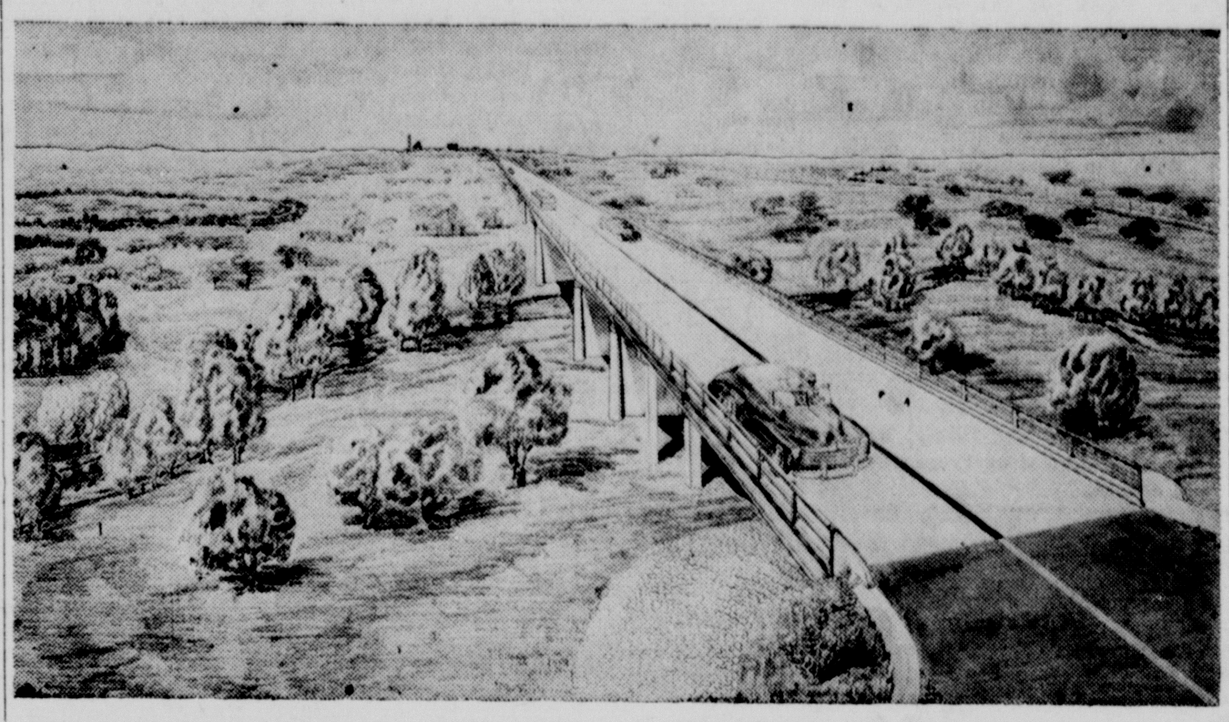
Mayor A. W. McCullin is heading the reception committee for the bridge opening program here Saturday.

The mayor has issued letters to a number of citizens asking them to serve on the committee and has organized the reception.

The committee will meet in the central city park at 9:15 and there will greet all incoming bands, officials and dignitaries.

The procession to the east approach of the bridge will be organized at the park on Highway 77.

So far no program has been issued but it was expected that the publication of it, delayed, would be out in time to be used Saturday morning.



Here is republished from the files of The Herald, Artist A. Stapp's conception of the new half million dollar causeway across Little River at Cameron. This new bridge will be formally opened to traffic here on Saturday, May 17 when elaborate ceremonies are staged. Governor Beauford Jester will deliver an address and will be introduced by Senator Kyle Vick who was largely instrumental in getting the appropriation. This magnificent engineering project, a mile in length, spans the river a short distance away from the site of an old ferry landing in use 100 years ago. It was near this ferry that a steamboat up from the Brazos with a cargo of merchandise for Mr. McCown, a storekeeper, once docked. That night citizens went aboard and staged a dance. The new causeway is one of three bridges to span the river and bottom lands in the past century.

BOND ELECTION IS CALLED

$137,000 SOUGHT FOR STREET AND CITY HALL

A proposed bond issue of $137,000 is called for in an election ordered by the City council Tuesday night.

The proposed issue will be divided into two propositions to be passed on the ballot giving the tax payer an opportunity to express his choice, for or against.

The sum of $112,000 is proposed to be spent for rehabilitating 30 blocks of paving in the mercantile area, for the construction of sidewalks and for street widening.

The sum of $25,000 is proposed to be used for repairs on the old Academy Building which would be used for a city hall.

By seperating the proposals the voters will have an opportunity to favor one and defeat the other as he sees fit or to defeat all or to approval all if he sees fit.

The proposal is an outgrowth of considerable agitation by the Mayor and members of the council.

The street paving project does not contemplate any paving for the residential area, only in this business district where paving already exists.

One attractive feature of the proposal is a street lighting system to be installed free by the Texas Power & Light Company. The hope for a better looking business district is darkened somewhat by failure to have light and telephone poles taken off the streets and construction put under ground. Nothing can be achieved in the way of civic improvement until this is done.

If a permanent type of paving is contemplated all utility construction should be placed under ground.

Street paving is one of the major needs of the city and the people will have an opportunity to pass upon the proposed bonds on June 3.

CEREMONY WILL OPEN NEW SPAN TO TRAFFIC

Formal opening to traffic of the new half million dollar bridge across Little River at Cameron will be held on Saturday, May 17 beginnnig at 10 a. m.

Dedication of this bridge will be an event of great significance to highway transportation and Cameron and Milam county have long waited the event.

The new bridge, some full mile in length, was constructed above flood water levels and traffic may never be interrupted again on Highways 36 and 77.

Opening date for the new bridge was made by the Texas Highway Department and local arrangements were made by the Commissioners Court in joint co-operation with County Judge Tyson, the Good Roads Committee of the Chamber of Commerce and Senator Kyle Vick.

A statement issued early Wednesday morning said that obstacles have been overcome to a large extent. The time was short in which to get speakers. Disappointment is expressed over the failure of the Governor to make his arrangements to accommodate an engagement here, but other speakers have been secured.

The opening of the new bridge is a big event here since the county has so long suffered the restrictions placed upon travel due to inadaquate crossing of the stream and bottoms. The bridge is one of the finest in Texas and represents in its construction long months of work, expenditure of some half millions of dollars.

The need for this bridge has been stressed over a period of years and the gratification will be genuine when the ribbon is cut and the first vehicle rolls across.

The people of Cameron are happy to welcome those from neighboring counties along Highways 77 and 36 to this celebration.

The Cameron Chamber of Commerce on Tuesday night voted to request business houses to close Saturday for the ceremonies from 10 to 12.

All visiting cars are desired in the parade which will form at City Park and move through the business section and out to the east entrance to the bridge for the ceremonies.

The following program is announced:

10:00 Parade originating at City Park.

10:30 Program at the East end of the Bridge.

Invocation by Rev. Frank Tulloch of Rockdale.

Introduction of Master of Ceremonies by Judge Dan Tyson.

Introduction of visiting officials from city and state.

Address of Chief Highway Engineer Greer.

Address by Senator Kyle Vick.

Cutting of the ribbon and parade across the bridge to Cameron.

Board Delays Teacher Pay Hike in Cameron

ALL FACULTY MEMBERS RE-ELECTED BY BOARD

Thus far no increase in salaries of school teachers in Cameron have been made.

All members of the faculty were re-elected at a meeting of the Board on Thursday night, May 8. All were offered contracts but it was not learned whether any had signed.

An explanation is that "salaries were not set due to the fact that the Board felt they needed more time in which to study the provisions of the regular school laws passed by the Legislature."

It was understood that the Board had before it the financial sheet prepared by the Superintendent showing the revenue for the coming year.

According to a current expose of the financial status of the school the Board can pay a minimum of $2000. If the Board adopts an across the board 20 per cent increase the lower paid teachers will not get the minimum as provided in the new per capita bills. On the other hand those whose salaries are now high will get the major increases in point of volume.

The Cameron schools have never been state aid schools. It was shown by the increase which the $55 per capita money would bring in the coming year that minimum salaries of $2000 can be paid if the Board will re-adjust its budget and cut down on maintenance costs, surplus and other items.

Teachers who sign contracts now may have to work at their old esalaries. It was presumed the faculty members would wait until the Board could determine what its policy will be with reference to better pay.

Postal Service Here Curbed Because of Economy In Congress

Postal service at the office will be curbed by one hour beginning to-night it was announced by J. R. Hays, postmaster.

The office has been open until 11 p. m. each day but will close at 10 p. m. The reason is the curtailment of funds in Washington whereby extra workers have been employed. But cutting down the open hours by one the funds can be kept in the allowances.

Mail must be in the postoffice by 9:30 to be tied out and dispatched to night trains.

Mr. Hays said that it appeared that mail deliveries would be curtailed one day a week if money is cut off as employes cannot work more than 40 hours per week and extra carriers have been employed to maintain the full 6 day service.

ENNIS TURNER RETURNS TO PHONE DUTY HERE

Miss Ennis Turner, veteran with the service of Southwestern Bell Telephone Company in Cameron has returned to her position with the exchange.

Miss Turner began her duties on Wednesday morning. She is the fifth local operator to return among those who walked out in the strike on April 7.

In point of service Miss Turner is one of the oldest employes at the exchange here and her work is most important in connection with the operation of the board.

Her return to the job has brought forth praise from the people of the city and she is most welcome by other operators who have already returned to the job.

There are 16 operators who have not returned and are still out on strike.

With the return of these employes service at the Exchange has been restored to approximately normal rendition though not as yet sufficient to handle the entire volume of traffic as customary when the exchange is fully manned.

Miss Turner's decision to return to her job is most commendable since the local operators had no quarrel with the company.

Atomic Bomb Film Will Be Shown At Cameron May 15-16

The Delphian Club of Cameron will sponsor the showing of the film of the Atomic Bomb with the title "One World or None."

This picture will be shown with the regular screen program at the Cameron Theatre Thursday and Friday, May 15 and 16, at night.

Stanley Swift of the Swift Theatres is supervising the showing of the picture which will be 9 minutes long.

General Federation of Women's Club is sponsoring the film nationally The public is urged to see this film.

Chamber Commerce Is Not Responsible For Bridge Program Here

The Chamber of Commerce is not responsible for the program for the official opening of the bridge across Little River here Saturday.

The Herald Tuesday eroneously aluded to the Chamber about the program. The Chamber of Commerce is co-operating in every way possible in the dedication ceremonies.

A committee was set up some time ago to take care of the details of the program. Some members of the Board of Directors of the Chamber are on the committee but the organization proper is in no way responsible for the program.

Details of the dedication ceremonies is in the hands of a committee or a number of individuals and no doubt will be worked out in good order. An unfortunate development is the inability of the Governor to be here.

SOUTHWESTERN BELL CO OUTLINES WAGE PLEDGE

In an effort to end the telephone strike in the Southwest the Company has offered cash wage increases of $3.00 and $4.00 to most of its 42,000 non-supervisory employees, and to make concessions on a number of so called "fringe" demands of the Union. Some 10,000 employees would get increases of $4.00 a week, 26,000 would get raises of $3.00 a week, and the remainder $2.00.

The general pattern of the wage increases proposed is that basic weekly starting rates be raised $3.00, and the top rates $4.00, except in the smaller communities; there, starting

MRS. ROBERT MICHALKA AND BABY IN HOSPITAL

Four persons were injured, two seriously in an early morning highway crash near Milano.

Mrs. Robert Michalka and daughter, Bridget, and her mother, Mrs. Riddle are in Newton Memorial Hospital under treatment and K. G. Caldwell, a truck driver is also in the hospital.

Mrs. Michalka, baby and mother, were on their way to Lufkin Monday morning. It was around 5 a. m. when the crash occured.

A six wheel truck driven by K. G. Caldwell of Belton, swerved on the wet pavement, according to Sheriff Black, and struck the Michalka car.

Mrs. Michalka and Bridget both have broken legs and Mrs. Riddle was badly bruised as was Mr. Caldwell driving the truck.

According to Sheriff Black the accident occured on Highway 36 about one mile west of Milano.

All the injured were rushed to the hospital and a report at noon indicated all were doing as well as could be expected.

Leslie Rose Torno And Jean Przybycz On Trip to The East

Miss Leslie R. Torno of Cameron and Jean Przybycz of San Antonio have arrived in the Capital City where they are visiting in the home of George T. Rogers, and Mr. and Mrs. Elliott Hawkins.

They will also visit in New York, Philadelphia, and other interesting points of interest before returning home June 15.

H. T. Hutto of Milano is a patient in Newton Memorial Hospital.

MANY ENTRIES ALREADY MADE FOR BIG EVENT

Plans for the Flower show sponsored by the Delphian Club of this city are drawing much interest, and a large number of entries are expected next Thursday when the showing will be held in the home of Mrs. E. A. Flinn on East 13th Street.

This is the club's first effort along this line; and it is hoped the response will be encouraging enough to warrant the club making the show an annual project.

Five classes of entries are planned: Class 1 is roses, biennials, perinnials, annuals; Class 2 is bulbs, rhisomes, and tubors; Class 3 is potted plants and flowering shrubs; Class 4 is corsages, flower and vegetable; Class 5 is vegetable arrangements.

The public is invited to participate in the show by making entries in any or all of the classifications. Admission to the show is free. Entries should be brought to the Flinn home from ten until twelve on Thursday morning.

Mr. and Mrs. Bill Marek visited in Temple Sunday.

Faculty At Buckholts School Are Re-Elected

All teachers of the Buckholts school were reelected at a meeting of the school board held there May 6.

Mrs. Coy Arledge will continue as superintendent, and Miss Mary Walschak, Arnett Zelisko, Mrs. Wilma Whitington, Mrs. Elaine Young, Mrs. J. O. Mitchell and Mrs. Susanna Wills were renamed.

W. A. Sell was re-elected president of the school board and Waymond Gresak, a newly elected trustee, was made secretary.

Mrs. John Stoebner and Mrs. Fritz Senkel will have charge of the school lunch room. William Henry Maiovets and Fritz Senkel were appointed school bus drivers.

NO AGREEMENT REACHED ON TEXAS OPERATORS

Long distance telephone service in Texas under the Southwestern Bell system was still in emergency basis at noon Friday, it was disclosed by W. L. Prehn, general manager of the Bell System in the Southwest.

C. L. Carson, manager of the Southwestern Bell Telephone Company for this district in which the Cameron exchange is located, telephoned the Daily Herald at 11:30 a. m. from his office at Taylor to release the statement of Mr. Prehn as follows:

"Long distance service throughout the Southwest is still on 'emergency' calls only basis," W. L. Prehn, General Manager of the Southwestern Bell Telephone Company said to-day.

"None of the 20,000 workers affected by the settlement between the long lines Union and the AT&T are operators in Texas," Prehn pointed out.

"While negotiations are going forward in St. Louis no agreement has been reached for the 18,000 workers in Texas and until the employes return to work long distance and other telephone service requiring operators will continue to be restricted.

Moody and McGregor Operators Return

Following the example of operators in Cameron and elsewhere a number of telephone operators at Moody and McGregor, have returned to their jobs with Southwestern Bell Telephone Company.

It was undertsood that not all the striking operators had returned to work in McGregor and Moody but that a sufficient number had returned to restore approximately normal service through those exchanges.

Mr. and Mrs. Leland Green, Sr. have gone to Mineral Wells to visit his sister Mrs. R. N. Grayson who is ill. They plan to bring Mrs. R. N. Grayson back with them.

Mrs. William Brown, of Va. spent Mother's Day with her mother, Mrs. Jeff T. Kemp, Mrs. Brown is the former Ruth Kemp, and has many friends here to welcome her return to her old home.

Hanover Hog Law Is Attacked, Defended In District Court

The so called, Hog Law, one of the most controversial of regulations to pester shoat men in the acorn country and at the same time a grief for those who do not have proofed fences, is now under judicial preview in district court.

All last week the matter was argued. Camp & Camp brought action to restrain the county attorney from prosecuting a case which had been filed by a landowner who had no way to keep his neighbor's hogs from devastating his crops.

In the litigation a number of questions were involved, including some blows at irregularies in elections and indefinite lines hog law precincts.

One of the land owners up and hired lawyers to declare the hog law invalid in the Hanover country. The county attorneys office had received a complaint from another land owner asking enforcement of the law.

Pork from acorns has been a controversial engagement since the post-oaks got big enough to yield. Raising the questions involved in the actions before the court is reminiscent of the cattle dipping days here,

Texas Rangers finally had to come in and stop some of the stock men from blowing up the vats. Finally all became educated to the need for prevention of tick fever among cattle.

The district judge has taken the case under advisement and will render a decision later. All hope a sane solution can be had.

JOE G. MATULA, Secretary.

Fragment of Texas City Disaster Ship Is Brought to Herald by Martin Albrecht Who Survived Monsanto Chemical Plant Explosion

A fragment of steel weighing about 15 pounds from the Grandchamp, French ship that blew up in the harbor at Texas City to touch off the disaster that took some 700 lives, is on display at the Herald.

The fragment picked up in the business section of the city some mile and a half from the scene of the explosion, is from the hull of the ship or some other similar structure. The piece of steel is three quarters inch thick. It bears marks that may have been caused by ammunition exploding as the ship burned.

Mr. Albrecht, formerly of Ben Arnold, has lived in Texas City for several years. He has been employed by the Monsanto Chemical Company for some time.

When the explosion occured Mr. Albrecth was on duty. He was knocked down but recovered his feet and dashed to temporary safety beneath a chemical tank which later went up in flames.

After the ship's debris cleared the air Mr. Albrecht crawled from under the tank and ran for life. "I wanted to run at once but I saw many of my friends running and were cut down by flying fragments of steel from the ship," he said.

Mr. Albrecht suffered leg injuries and a bursted ear drum. "For several days I was in a daze and could not remember the day of the week. It was a terrible experience," he said.

Mr. Albrecht said that some 50 of the employes he worked with were lost. The plant will be rebuilt and he will return to his job.

Mr. and Mrs. Albrecth and son were in a car wreck on Monday before the explosion on Wednesday and all were injured. Except for minor hurts all escaped effects of the explosion.

Delay In Receipt of State Aid Checks Is Due to Lack of Funds

There will be a slight delay in receipt of checks for old age assistance, aid to the blind and aid for dependent children, it was announced here by Mrs. Harriet Heath, area supervisor.

Mrs. Heath pointed to the statement issued in Austin Thursday. Federal funds were not received and no checks can be mailed until these funds are received.

A similar delay occured in 1944 and checks were delayed almost 2 weeks. There was no indication of how long the delay will be this time.

President Truman Thursday signed a deficiency appropriation which will provide the necessary funds.

NOTED TEXAS LAWYER SUCCUMBS IN DALLAS

John H. Bickett, noted Texas Lawyer and prominent leader, died Thursday night at his home in Dallas from a brain hemorrhage.

Mr. Bickett was born in the Cameron community but had not lived here since his early boyhood.

Judge Dan Tyson, commenting upon the death of Mr. Bickett Friday said the Bickett family moved to San Antonio along about 1905 and as a boy at Maysfield he remembered well John H. Bickett, Sr., when he was sheriff. The late Milam county sheriff, moved to San Antonio and was named to the Highway Commission by Governor Miriam A. Ferguson during her first administration.

John H. Bickett, Jr., became a lawyer and was engaged in the practice in San Antonio. He was Chairman of the State Democratic Executive Committee and also was chairman of the Board of Regents of the University of Texas.

He had been a resident of Dallas for the past 10 years or more.

Billy Bickett, a cousin, resides in Cameron.

"Cuts my Kitchen-Time in Half!"

"The automatic features and well planned work centers of my All-Electric Kitchen cut my kitchen time in half ... and thus give me time to relax and do other things that need my attention."

The modern All-Electric Kitchen is planned like an assembly line ... with food preparation center, consisting of electric refrigerator and food mixer; cooking and serving center, comprising the electric range, roaster and other cooking appliances; and sink and dishwashing center, for clean-up. And they all have automatic features to save your time and conserve your energy.

Yes, you'll find it fun to work in your electric kitchen ... and economical, too! Your TP&L electricity, which is one of the few items in your cost of living that has actually gone down in price since the war, does all the real work ... and at lower cost per kilowatt-hour than ever before.

It's fun planning your electric kitchen, too. Call on your electric appliance dealer for suggestions on how to arrange "work centers" that will save your time and energy.

You may install your electric kitchen step by step, to suit your convenience or your budget, letting each new kitchen appliance you buy contribute its share to the realization of your dream kitchen!

AMERICAN BEAUTY BISCUITS
A Virginia Roberts Tested Recipe
(Quantity: 12 Biscuits)

2 cups AMERICAN BEAUTY Flour
3 teaspoons baking powder
1 teaspoon salt
1/4 cup shortening
3/4 to 1 cup sweet milk

1. Sift, then measure the flour.
2. Measure baking powder and salt. Add to the flour and sift together into a mixing bowl.
3. Measure shortening and add to the dry ingredients. Cut in shortening until mixture resembles a coarse meal.
4. Add milk gradually; blend lightly.
5. Turn dough out onto a floured breadboard; knead lightly 30 seconds to form a round ball.
6. Flatten dough to 1/2 inch thickness using floured hands or rolling pin.
7. Cut dough into rounds; place on ungreased baking sheet.
8. Bake in a hot oven (450°) 12-15 minutes until lightly browned.

Non-operating railroad unions are demanding still another raise of

$568,000,000.00 a year

MR. & MRS. CONSUMER

MR. SHIPPER & MR. FARMER

MR. & MRS. PASSENGER

You would foot the bill!

Look out! There's another big railroad wage demand headed your way!

The non-operating unions alone—whose members do not actually operate trains—are demanding a flat increase of 20 cents an hour. These demands would cost the railroads of the country *five hundred sixty-eight million dollars a year!*

Last year these employes had an increase of 18½ cents an hour. This was their third major wage increase since 1939. Their average weekly pay has gone up 75%, as against a cost-of-living rise of 54%.

Since 1939, railroad wage and material costs have gone up more than three times as much as freight rates, and five times as much as passenger fares. That is why in 1946, with the largest peacetime traffic in history, the net income of railroads went down to the equivalent of only 2¾% of the net property investment.

What About 1947?

Even with the recent freight rate increase, preliminary figures indicate that the railroads will make only about the same low return in 1947 as in 1946. This will be because:

—the wage increase made in 1946 will be in effect for all of 1947;
—special payroll taxes on railroads have recently been increased;
—and passenger traffic has declined.

Where Would the Money Come From?

We can't pay out what we don't take in. And we are not taking in enough now to meet present costs and to complete the improvements in service that you need and that we want to give you.

You Would Foot the Bill!

FIRE LOSS IS HEAVY SINCE FIRST OF YEAR

Fire losses since January 1 in Cameron have exceeded the 1946 total, it was disclosed here to-day by John P. Eanes, Fire Marshall.

Mr. Eanes in duscussing the losses said:

Our bill of waste by fire for the first quarter of 1947, are $14,431.65. This loss is more than was recorded for the entire year of 1946.

On numerous occasions I have noticed the citizens burning waste paper and trash next to the house, barn and fence. This is a dangerous practice, for the wind may rise, and cause sparks to spread and catch the building afire.

Waste paper should be burned in a metal container. By complying with this request you will perhaps be instrumental in helping the firemen maintain our good fire record, or further reducing it.

Mr. and Mrs. R. E. Edmondson of Edenberg are spending their vacation in Cameron, where they are visiting Mrs. Emma Moore and other friends. Mr. Edmondson is with the Vallet Transit Company in that City.

Lee Johnson Case Is Reversed By Court

The Court of Criminal Appeals has reversed and remanded the case against Lee Johnson convicted in District court last year for assault with intent to murder.

Johnson was found guilty by a jury and his punishment fixed at 2 years in Texas prison.

The case will be tried again here since it was reversed by the higher court.

The alleged offense for which Johnson was tried and convicted occured at Oasis Inn on Highway 36 in Milam county near the Burleson county line.

Dick Baggett, now serving a jail sentence, on a drunk driving charge, and a woman companion were seated in a car at the Oasis Inn. Johnson who had engaged in a fight inside the dance hall shot into the car, wounding the occupants. It was a case of mistaken identity, he testified.

Mr. and Mrs. Curtis Moseley and family had as their guests recently Mr. and Mrs. G. A. Pugh from Beaumont, Mr. and Mrs. D. A. Pugh from Taylor, Mr. and Mrs. Marvin Pugh from Rockdale, Mr. and Mrs. Ervin Pugh, Mr. and Mrs. Goodhue Rogers and Mrs. Alice Pugh from Cameron.

From where I sit ... by Joe Marsh

Industry Looks at Our Town

Maybe you read how a group of industrial experts have decided that the small town is the place for industry—not big cities. Reasons they give are better housing, pleasanter living, and more opportunity for wholesome recreation.

Well, looking around our town I'd say that was about right. Most of us own our homes, and keep them looking nice; we enjoy each other's company: and our recreations are mostly simple outdoor sports, and in the evening a mellow glass of beer with pleasant company.

As Doc Walters says, that sort of life just naturally sets you up for work the next day . . . whether it's in office, mill, or field. And Doc should know. He works fourteen hours, but never misses his morning "constitutional" or his evening glass of beer with friends.

From where I sit, any industry could profit from being in a town where wholesome living, temperance, and friendship are the rule.

PHONE WORKERS ACCEPT WAGE HIKE AND WORK

WASHINGTON, — Formal acceptance of wage increases of $4 a week will put some striking telephone workers back on the job in Illinois and New York tomorrow but government efforts to settle the crucial long lines phase of the dispute still hung fire here.

The government suggested a basic $4.50 increase per week, plus other concessions averaging another 64 cents weekly, for the long line of workers.

Their union accepted the plan but the American Telephone and Telegraph company rejected it, although there were indications the company might make another offer, and federal conciliators, predicted a "speedy settlement."

Mrs. Marion Horn, president of the New York traffic employees association, an independent union of 18,000 operators said a majority of the members had ratified an agreement with the New York Telephone company, calling for a wage boost.

Members of that union, along with workers in three other independent unions, will resume work Monday morning. The other three unions either had chosen, or had been ordered by their leaders, to get back on the job.

The Federation of Telephone Clerks, affiliated with the striking National Federation of Telephone Workers, announced in Chicago that it had accepted the $4 a week increase offered by the Illinois Telephone company. Approximately 2,700 accounting workers in Chicago and Springfield, Ill., are affected.

Two other unions, including Chicago long distance operators and downstate local and long distance operators, and collectors and salesmen, have not yet made known their position on the wage offer.

In addition the New York operators, some 12,000 maintenance men, members of the United Telephone organizations, independent, have been ordered to report back to their jobs.

Another 6,800 commercial and accounting employees also will resume work in New York, having voted last week to do so.

FINAL OFFER IS MADE BY TELEPHONE COMPANY

ST. LOUIS, May 12—The Southwestern Bell Telephone company tonight made what it termed a "final offer" to end the five-week-old telephone strike in its five-state area.

The company offered a wage increase of $4 a week to its 42,000 non-supervisory employes, together with higher schedules of basic starting and top rates.

A joint negotiationg session was recessed and Southwestern Telephone workers union officials went into executive session to consider the proposal.

"Top wage rates for all telephone jobs would be increased $4 per week," said George C. Gephart, executive vice president of the company. "Starting wage rates would be increased $3 per week except in smaller communities, where the increase would be $2.

"The company has made this final offer to end the telephone strike."

Company and union negotiations were resumed tonight after the company had been granted a four-hour postponement. Resumption of the talks earlier had been set for this afternoon.

Federal Conciliator A. E. Johnson said the delay was granted to give the company additional time to study points of the Southwestern telephone workers union proposal which included a $5 a week wage increase. The company has termed the union's demand for a $5 raise "not acceptable," but a spokesman said other points in the union program were under consideration.

Strikers held two meteings today at which D. L. McCowen, union president, and John L. Crull, member of the wage-policy committee of the national federation of telephone workers, reported on developments in negotiations.

Pistol Packing Gets Nowhere; Man Fined $100 and Costs Here

Julius Niblett was fined $100 and costs in county court here Saturday by Judge Dan Tyson after he had entered a plea of guilt for pistol packing.

Niblett, arrested by officers here, could give no excuse for carrying the weapon and having no authority to do so was without defense.

Judge Tyson was prompt to fix the fine at $100 and costs.

Art Exhibit Brings Paintings By Dan Wallace to Cameron

An exhibit of paintings by Dan Wallace of Archer City at the Cameron Ice Cream Company, is attracting considerable attention.

These paintings, according to local critics, have great merit and reveal fine talent. Behind these and other paintings by Wallace who has been able to market quite a few, is a story as heart breaking, but as thrilling as most anything you can find in the human drama.

Mr. Wallace, still a very young man, suffered a stroke some years ago and became almost totally paralyzed. He had never painted in his life and knew nothing about such things. His genius for the canvas was developed under most trying circumstances.

As he lay abed they rigged up a tackle whereby he could pull himself around. With nothing much to do he became pretty lonesome and discouraged. He had a family coming along and a daughter soon to graduate from school and so he got to planning. Maybe it will never be explained how he hit upon his art, but he soon found himself painting, crude at first but from the very beginning displaying traces of the art that is now making him famous in West Texas.

He is a brother of Walter Wallace of Cameron and several of the canvas completions are on display here and are for sale at a most nominal price.

The paintings on display here are in the main the recapture of the scenic beauty of the west and not one can deny the appeal of a landscape and sky well done.

This newspaper suggests you drop by the Cameron Ice Cream Company and have a look at these paintings by one of the up and coming Texas canvas artists.

Friends of Milton Winfield, son of Mr. and Mrs. Adolph Winfield will be sorry to hear that he is ill at his home in Cameron.

Mr. and Mrs. Wiley Mangum and son, Wiley Jr., of Austin, and Tom Graves of San Antonio, spent Mother's Day here with Mrs. Graves and her mother, Mrs. George Mangum.

Representative A. N. Green was home for the week end. He expects to get a favorable report on the Sandy Land Experiment Station Bill he is sponsoring in this session of the legislature. The station is to be located in Eastern Milam county.

Mrs. Sue Baird of Houston is visiting a few days with Mr. and Mrs. M. D. Pratt this week.

Mrs. James Brogdon, of Waco, and Mrs. Stella Cass, of El Paso were guests of Mrs. Preston Graves for the week end.

BELL SYSTEM TO MAKE FIRST SALARY MOVE

ST. LOUIS, — George C. Gephart, executive vice-president of the Southwestern Bell Telephone company, said today the company will make a cash offer at a meeting tomorrow with representatives of the Southwestern Telephone Workers union.

The company official declined to say what the offer would be but D. L. McGowen, S. T. W. U. president, said the union would stick to its $6 a week wage increase demand despite settlements of other unions for wage boosts between $2 and $5.

Meanwhile, the union executive board appropriated $25,000 for relief of hardship cases among the strikers.

Both McGowen and Federal Conciliator A. E. Johnson, who met with both sides individually today, and they expected a settlement by this weekend or early next week. There was no joint meeting today since the company's offer was not ready.

About 600 workers were affected here by the settlement of the longlines dispute but Gordon E. Sallee, local representative of the American union of telephone workers, said these workers would not cross picket lines of the southwestern lines.

Mr. and Mrs. Oscar Neumeyer of Houston spent Mother's Day with her parents, Mr. and Mrs. R. A. Kitzler and daughter.

Cameron Ice Cream Company Rennovates

The Cameron Ice Cream Company was open to-day after rennovation and a paint job that has brightened up the store facing the square from the west block.

Clyde Greenlees, owner of the ice cream store, has done a good job and is getting compliments on his much improved store.

Face lifting jobs along commercial row on the old buildings, some of them approaching the century mark, is one of the hoped for developments here and everytime some enterprising young man does a good job like Greenlees is well praised for his work.

Hot Weather Coming To Cameron; Summer Has Turned Corner

All of us will begin to struggle along from one fan to another this week.

Summer has turned the corner and is bearing down on us. High humidity made weather very unpleasant Tuesday morning. That condition is apt to keep up for a few days.

Behind the controls on weather there wasn't much to reveal. It is going to be hot and clouds are disappearing over a large section of the state.

It will not be much cooler as expected. Instead the weather has succumed to time and is getting around to the matter of scorching the earth.

PROGRAM IS MUDDLED ON BRIDGE OPENING

Governor Beauford Jester will not be here Saturday for the opening of the new half million dollar causeway across Little River.

Due to a "previous engagement" the chief executive cannot be here, it was learned by the Herald late Monday.

The program had been projected on the basis of the visit of the Governor who had been given the spotlight. The program now is muddled and will have to be changed.

It was understood that the Chamber of Commerce was handling the program. Whether a formal draft will be printed was not known.

The Herald made an effort early Tuesday to get information on further developments but could not find out what was happening.

A substitute speaker will in all probability be asked to take the governor's place at the ceremonies Saturday.

The impression was created that the whole matter has been badly handled as usual with too many cooks spoiling the broth. One business man expressed the hope the bridge is not torn down by Saturday.

Apartments Needed For 5 Families Moving to Cameron; Plea Made

Five furnished apartments are urgently needed at once for five couples with children, it was announced at the Chamber of Commerce early Tuesday morning.

With the announcement goes a special plea to home owners and apartment owners in the city. The Chamber of Commerce has at times attempted to build up a file on surplus housing but there may be some who have not listed space.

This appeal is backed up by an extreme emergency. These five families are here in connection with important development work and it is necessary they have a place to live.

Anyone who has a furnished apartment should call L. W. McDermott at the Right Hotel.

Mr. and Mrs. Louis Matula and daughter visited in Taylor Sunday.

RAINFALL SENDS WATER TO 27 FOOT LEVEL HERE

Little River was within 2 feet of flood stage at Cameron early Saturday morning from rainfall over the watershed.

Excessively heavy rains in the San Gabriel water shed was believed to have been the main cause of the sudden rise of the river.

At 9 a. m. Saturday the flood waters had risen to 27 feet.

At the Community Public Service Company it was said that flood stage in the river is 29 feet. If the river overflows the bottoms some damage will be done but the overflow was not expected to be large unless additional rain comes within the next few hours.

Weather forecasts early Saturday predicted scattered rains but nothing approaching a heavy downfall. Cooler weather was due to continue through Saturday night with temperatures rising by Sunday.

RAYMOND S. BEARD IS BURIED AT MILANO

Raymond S. Beard, former resident here, died late Wednesday at the home of his son, Garland Beard in Sinton, Texas.

The body of the Milam county native, was at the Green Funeral Home in Cameron until the funeral hour at 3:30 p. m. Friday, May 9. Interment was made at the old home in Milano where Mr. Beard was reared.

Mr. Beard had been prominent in business circles for many years. In Cameron he was manager of the Federal Farm Loan Bank activities and when he resigned from that position he moved to Bryan and was with the Production Credit Association, a federal government activity.

Mr. Beard had been in declining health for a number of years and finally was forced to retire from business and had gone to the home of his son in Sinton where he died.

After he left the service of the Credit Association at Bryan he engaged in the produce business but his health failed and he was forced to retire.

Surviving are his widow and one son, Garland Beard and one daughter, Verna Beth Williams. Funeral services were held at the First Methodist Church in Milano with the Green Funeral Home directing arrangements.

Rev. Maurice Grove of Brownsville and former pastor of the First Christian Church in Cameron, conducted the services.

Mr. Beard was born in Milano on May 8, 1885. He was married to Miss Amanda Hurt in Milano in 1908.

In addition two grand children survive as follows: Glenn Williams, Jr., of Bryan and Mary Ann Beard of Sinton.

He is also survived by one brother, J. S. Bearn of Brenham.

Ray Lymon Green Is Recovering At Home From a Leg Injury

Ray Lymon Green, small son of Mr. and Mrs. Leland Green, Jr., is at home recovering from a severe leg wound sustained in an accident last Wednesday in the 300 block on East 23rd street.

Billy Hanes, son of Mr. and Mrs. W. T. Hanes, was backing from the driveway at his home and the accident resulted when the car struck Ray Lymon who was pushing his bicycle along the street edge.

His left leg was severely lascerated. He was taken by the Hanes family immediately to the clinic of Dr. Leland Denson where his wound was dressed. More than 70 stitches were taken to close the wound.

The many friends of Ray Limon will be most happy to know of his good progress and wish him a speedy recovery.

Unruly Weather Plays Tricks; May Be Cold

The weather is out of hand temporarily with a mixed schedule of rain, sunshine, storms and cooler.

It was hard to predict what would happen in the next 24 hours but cloudy weather was certain and a cool front may drive the clouds away but nothing radical will happen.

It is going to be warm during the day and cool at night. Humidity may be high enough to make the days uncomfortable. Rain was falling around Abilene and for East Texas showers were in prospect. It was in the 50's in the upper panhandle.

Tornadoes took a heavy toll in Dawson county Sunday.

Many friends here and over the state will be glad to head that R. L. Batte, Sr. who suffered an eye operation several weeks ago, is now able to be up and out at times.

SOUTHWESTERN BELL TO SUBMIT WAGE OFFERS

ST. LOUIS, — Representatives of the Southwestern Bell Telephone company and the Southwestern Telephone Workers union met for a half hour today but recessed without a cash offer by the company for a settlement of the 32-day old strike.

George C. Gephart, executive vice-president of the company, said after the meeting that "our proposition is being worked on."

He said the company would have a concrete wage offer ready by the end of the week.

A. E. Johnson, federal conciliator who called today's meeting, said he would meet individually with both parties tomorrow.

Gehart did not reveal the size of the expected cash offer but a union spokesman said the STWU would stand firm on its demand for a $6 average weekly pay raise. Some affiliates of the National Federation of Telephone Workers have settled for a $3 to $5 weekly pay boost.

Mr. and Mrs. Ray Dadwell of Travis were week end visitors in the home of Mr. and Mrs. Joe Ulicnik.

Rev. Tom Motl of Lyons spent Thursday with Mr. and Mrs. John Gurecky of Marak.

W. A. Atkinson, prominent farmer at Jones Prairie, transacted business in Cameron this week.

Roy M. Wright, FHA Supervisor, and Miss Gladys Pierce, FHA Home Supervisor, attended the District Meet in Caldwell Wednesday.

The Cub Scout Pack will meet at Wilson Ledbetter Park, Friday night where they will enjoy a picnic. The Lion's Club will furnish the eats. All members and their parents are invited.

SIDNEY ROGERS DIED AT MINERVA THURSDAY

Sidney Rogers, 41, was found dead at 5 a. m. Thursday at the home of his sister, Mrs. Viola Finch at Minerva.

Mr. Rogers died from a heart attack. His body was found in bed early this morning and it was believed he had died sometime during the night or early Thursday morning.

Funeral services will be conducted from the Church of Christ in Cameron Friday, May 9 at 2:30 p. m. by Rev. Ward E. Stevens of Laredo. Interment will be made in Oak Hill Cemetery in Cameron with the Marek-Burns Funeral Home directing arrangements.

The body will be at the Marek-Burns Funeral Home until the funeral hour on Friday.

Mr. Rogers had been employed in Fort Worth, Dallas, Memphis, Tennessee and Houston for the past 7 years as an artificial limb maker.

Surviving are his father, J. O. Rogers of Cameron; one brother, Milton Rogers of Waco; two sisters, Mrs. Lidia Davis of Cameron and Mrs. Viola Finch of Minerva.

Buckholts Seniors Enjoy Trip to Cavern Carlsbad, New Mexico

One Thursday, April 3 at 4 a. m. Mr. and Mrs. Coy Arledge and the Buckholts Senior Class, Floris Lange Barney Chevalier, Billye Sell, Irene McClain, Sue Weido, Ethleen Abel, Laverne Tomasek, Imogene Henson, and Irene Posival left on the annual senior trip.

Traveling in two cars through San Angelo, Brady, Lamesa, and Hobbs, New Mexico, th egroup reached La Caverna Hotel, Carlsbad, New Mexico at 3 p. m.

On the trip, the group enjoyed a chicken dinner in Hobbs, New Mexico Of course, the seniors certainly enjoyed the meal as this was the first meal any of the seniors had eaten outside of Texas.

Late that same afternoon Mr. and Mrs. Arledge, along with the seniors, went to White City and then to the cave to watch the bats fly out of the cave. Reaching the cave, the group discovered that the bats did not fly out at that time of the year.

Returning to Carlsbad, the seniors went to see "Dangerous Millions" in a near-by theatre. After the movie, some of the students retired while the others went bowling.

On Friday morning after enjoying a waffle breakfast in the La Caverna dining room, Mr. and Mrs. Arledge and the seniors rode to Carlsbad Cavern. As soon as tickets were purchased, the group entered the cave at 9:30 a. m. After walking for 1 3-4 miles, the group ate dinner 750 feet below the surface of the ground. At 12:45 p. m. the group again proceeded walking for 1 1-4 miles before riding the elevator back to the surface.

While in the cave, many things of interest were noticed. Some were the Rock of Ages, Kings Palace, Queens Chambers, Green Lake, Big Totem, and Baby Hippo. Also many forms of rock were seen which were formed many, many years ago.

Leaving White City at 4 p. m. the group arrived at Hotel McDonald in Sonora, Texas at 10 p. m.

Saturday morning, the group traveled on to Austin, Texas where they enjoyed a grand dinner in the Milam Cafeteria. After shopping a little and visiting the interesting places, the group departed from Austin and arrival at Buckholts at 3 p. m.

Everyone enjoyed the trip which will be a treasured memory of our school days.

Class reporter,
IRENE POSIVAL.

AGREEMENT IS REACHED WITH $4.40 PAY HIKE

Long distance telephone workers, through their Union representative have announced settlement of their differences with the American Telephone and Telegraph Company and will return to work on a pay hike of $4.40 per week, it was announced in Washington Thursday morning.

It was expected that the telephone company would announce formal acceptance of the outcome of negotiantions to end the 32 day old walk out of union workers.

Twenty-eight Bell telephone systems are yet to reach agreement on wage demands but it was regarded as a definite possibility that settlement would be effected.

The settlement of the long distance workers strike was the first major break in the nation wide strike although a number of independent phone company workers have already returned to their jobs with increased pay.

In Cameron the local exchange was being operated with a limited number of employes who have resigned from the union and returned to their jobs.

Each and every Southern Pacific employee is an essential partner in the business of living . . . his "pursuits of happiness" are firmly and basically interwoven into the whole pattern of community prosperity and our nation's economy.

AS A WAGE EARNER your Southern Pacific partner promotes your interests by providing a permanent, efficient, economical mass transportation service that can be relied upon, in all kinds of weather, to meet all the transportation needs of the people.

AS A CONSUMER your Southern Pacific partner participates in the prosperity of the community in which he lives by trading his wage-earned dollars for goods and services. Such trade stimulation helps to create better jobs for more people.

AS A HOME OWNER your Southern Pacific partner takes inherently American pride in the progress of his community . . . its schools and churches and social institutions . . . and constantly seeks to better the welfare of himself and his neighbor by actively assisting in civic enterprises.

Yes, every Southern Pacific employee is YOUR partner . . . offering his support and cooperation in furthering our way of living, for you . . . for himself . . . for the company he serves. Southern Pacific has more employees living in Texas than any other industrial employer.

NOTICE OF ELECTION

THE STATE OF TEXAS
COUNTY OF MILAM
CITY OF CAMERON

To the resident, qualified electors of the City of Cameron, Texas, who own taxable property in said city and who have duly rendered the same for taxation:

Take notice that an election will be held in the City of Cameron, Texas, on the 3rd day of June, 1947, on the propositions and at the places more particularly set forth in the election order adopted by the City Council on the 13th day of May, 1947, which is as follows:

Resolution

Calling an election on the question of the issuance of $25,000.00 Municipal Building Bonds, and on the question of the issuance of $112,000.00 Street Improvement Bonds.

WHEREAS, the City Council of the City of Cameron, Texas, deems it advisable to issue the bonds of said City for the purposes hereinafter mentioned;

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAMERON, TEXAS:

1. That an election be held in said City of Cameron, Texas, on the 3rd day of June, 1947, at which election the following propositions shall be submitted:

Proposition No. 1

'Shall the City Council of the City of Cameron, Texas, be authorized to issue the bonds of said City in the amount of Twenty Five Thousand ($25,000.00) Dollars, maturing serially in such installments as may be fixed by the City Council, the maximum maturity date being not more than Twenty (20) years from their date, and bearing interest at a rate not to exceed Three (3%) per cent per annum, payable annually or semi-annually, and to levy a tax sufficient to pay interest as it accrues and principal as it matures on said issue of bonds, for the purpose of constructing, repairing, and equipping a public building towit: the Cameron Old School Building, to be used as a City Hall and Fire Station, as authorized by the Constitution and laws of the State of Texas.'

Proposition No. 2

'Shall the City Council of the City of Cameron, Texas, be authorized to issue the bonds of said City in the amount of One Hundred Twelve Thousand ($112,000.00) Dollars, maturing serially in such installments as may be fixed by the City Council, the maximum maturity date being not more than twenty (20) years from their date, and bearing interest at a rate not to exceed Three (3%) per cent per annum, payable annually or semi-annually, and to levy a tax sufficient to pay interest as it accrues and principal as it matures on said issue of bonds, for the purpose of constructing improvements to the streets in said City, as authorized by the Constitution and laws of the State of Texas.'

2. The said election shall be held within the City of Cameron, Texas, at the usual voting place and the following persons are hereby appointed directors of said election:

In Voting Precinct No. 1 at City Hall with the following directors:

B. Slocomb, Presiding Judge,
D. H. Slaughter, Judge,
A. E. Matula, Clerk,
H. B. McClellen, Clerk.

3. The said election shall be held under the provisions of Chapter 1, Title 22, of the Revised Civil Statutes of 1925, as amended, including the provisions of Article 704, as amended by Chapter 382, passed at the First Called Session of the Forty Fourth Legislature, and only legally qualified electors who own taxable property in the City and who have duly rendered the same for taxation shall be qualified to vote.

4. The ballots for said election shall have written or printed thereon the following:

Proposition No. 1

'For the issuance of Municipal Building Bonds for the purpose of Constructing, Repairing, and equipping the Cameron Old School Building to be used as a City Hall and Fire Station.'

'Against the issuance of Municipal Building Bonds for the purpose of Constructing, Repairing, and Equipping the Cameron Old School Building to be used as a City Hall and Fire Station."

Proposition No. 2

'For the issuance of Street Improvement Bonds'.

'Against the Issuance of Street Improvement Bonds'.

Concerning each proposition, each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his vote on such proposition.

5. A substantial copy of this resolution signed by the Mayor of said City and attested by the City Secretary shall serve as 'proper' notice of said election. Notice shall be given in accordance with Article 704, Revised Civil Statutes of 1925, as amended by Chapter 382, passed at the First Called Session of the Forty Fourth Legislature, supra. The Mayor is authorized and directed to have a copy of said notice posted at the City Hall and at two other public places within said City not less than fifteen days prior to the date fixed for holding said election. He shall also cause said notice to be published on the same day in each of two successive weeks in a newspaper of general circulation published within said City, the date of the first publication to be not less than fourteen days prior to the date set for said election. Except as otherwise provided in said Article 704, as amended, the manner of holding said election shall be governed by the laws governing general elections.

ADOPTED AND APPROVED this the 13th day of May, 1947.

A. W. McCULLIN,
Mayor, City of Cameron, Texas

City Secretary, City of Cameron, Tex.

John Marak, Sr., Gives Thanks to Friends Who Came During Illness

During my recent illness I may not have thanked all who come to my bedside and I take this means to thank all of those who I remember while in the hospital in Houston: Rev. Matocha, Vince Marak, cousin, and Mrs. Marak, Mr. Marz, Barbara and others, and also while I was at the Newton Memorial Hospital in Cameron, these came to see me: Bohas Slavik, of Cameron; F. H. Stanislaw of Marak, Frank Ermis, Sr., of Cameron, Joe Marak of Cameron, and others.

After I returned to my little home at Marak, following my operation and long illness in the hospitals these came to see me and to them my thanks also: Rev. Ben Holub, Miss Teresa Picha, Miss Antony Marak, Mrs. Louis Tepera and son, Miss Angeline Jochec, V. L. Zavrel, Mr. and Mrs. J. J. Janicek of Marak, Miss Clara Marak of Marak, Rudolph Marak of Cameron; F. A. Marek of Cameron sent me greetings, and Billie Marek, ambulance man, took me to Houston and returned me to my home; Mat Marak, of Cornhill, Texas, and Mrs. Marak and son John and daughter. I received a telegram of cheer from my brother, Emil Marak of Bomarton; Mrs. Mary Macha and son, George of Bomarton; Mrs. Sophia Kohut, Mrs. Hattie Pavlicek and daughter, Beatrice of Bomarton, Henry M. Marak, son and his father in law, Bill Bebenck of Shreveport, La., Mrs. Annie Ermis and son, M, J., of Austin, Mrs. and Misses Barosh of Buckholts; Mr. and Mrs. Roy Jeter of San Antonio; Mr. and Mrs. Paul Hubnik of Plainview, Texas sent me greetings; Rev. Tydlicka of Rosenberg while visiting Father Holub came to see us one evening; Many thanks. Rev. Tydlicka before he was ordained a Priest was a good friend of mine and helped build my barn in 1929. I deeply appreciate that help.

My son, John, Jr., took care of our home while I was away for treatment, and his boys and all others that I may have failed to mention who came to see me. Also friends in Cameron who shook my hand and greeted me and encouraged me in my days of recovery, I thank them again, everyone.

I wish especially to include a word of thanks for those who were with me in Houston, my good wife, Adela Marak and daughter, Mrs. Roy Jeter of San Antonio, nurse, and daughter, Mrs. Annie Ermis of Cameron, nurse.

I was around my home folks. I wish to thank the good nurses at Houston. They were all very kind and considerate to patients and also the good Doctors who were doing their best, but most of all do we thank those whose prayer give me strength to stand the operation. I was almost gone beyond the hill and thanks to the prayers and the good doctors and nurses I was able to come again to see my little home at Marak. I shall pray, for the good Lord was with me and blessings upon all.

Rev. Duda of Cameron at the Newton Hospital administered Holy Communion to give me strength. I will always try to remember, friends, sisters and brothers and may God bless you all. May you always find in me a loving friend, and brother.

JOHN MARAK, Sr.,
Marak, Texas

Aldean Baggett of Lockhart and formerly of Cameron is a patient at Mayo Brothers, and is reported to be in a critical condition after undergoing two major operations. Mr. Baggett is a brother of Miss Cora Baggett of Cameron and Mrs. Fred Deer of Bryan.

rates would be increased $2.00 or $3.00 and the top rates $3.00.

The Company has also offered to make individually authorized dues deductions without cost to the union, to liberalize the vacation practice applying to first year employees, to grant days off for holidays that fall within vacation periods, more time off for union representatives, higher allowances for board and lodging to certain construction men, and a number of other improvements in working conditions.

The offer varies according to local conditions in the 800 communities which the Company serves in Missouri, Kansas, Arkansas, Oklahoma, Texas and a small part of Illinois. Operators basic starting wage rates would be increased to $28.00 a week, $121.80 a month in small towns, and to $30.00 a week, $130.50 a month in large towns. Top basic rates of pay for operators would range from $37.00 a week, $160.95 a month to $44.00 a week, $191.40 a month. New basic starting wage rates for Plant craftmen would range from $31.00 a week, $134.85 a month to $34.00 a week, $147.90 a month in the larger communities. Top basic rates of $59.00 a week, $256.65 a month in small towns, ranging up to $75.00 a week, $326.25 a month in large communities are proposed.

Four out of five non-supervisory telephone employees are either plant craftsmen or operators.

Plant craftsmen in such towns as Kansas City, Dallas, Houston, Fort Worth, San Antonio with three or more years service would receive increases of $4.00 a week, those with less than three years service would get increases of $3.00 or $3.50 weekly. Operators in Kansas City, Dallas and Houston with two and one-half years service would get raises of $4.00 a week, those with less service $3.00 a week. In the other cities named the $4.00 weekly increase would go to all operators with one and one-half years service.

Plant craftsmen in smaller communtiies would get increases of $3.00 and other employees increases of $2.00 or $3.00 a week.

STRIKE—

oppression for it is well known by all labor Unions that the telephone monopoly is attempting to drive the wedge that will ultimately destroy labor's rights and bring on a depression, the like of which the world has never seen.

"Suppose that after General Patton's break through and after the capture of Remagen Bridge across the Rhine, then a communique had told us that after one of those great successes our General and his Staff had immediately surrendered to the German high command.

"Then if you can imagine your feeling if your town and newspapers had praised our Generals for surrendering after victory was in sight then you can imagine how the telephone workers of Cameron felt when they read their paper on May 3.

"The Remagen bridge was crossed last week when the giant AT&T broke down and announced they had abandoned hope for arbitration and was ready to make a wage offer.

"No doubt the untimely surrender of a few gave them courage to stall another week but the majority chose to fight on to victory.
